

Podiatry

Podiatry is the science of applying nutritional principles to promote health and manage diseases. Podiatrists assess, diagnose, and treat dietary and nutritional problems at an individual and public health level. They create tailored nutrition plans, educate patients on healthy eating, and work in a variety of settings, including hospitals, clinics, and community health programs.

University	Country	Degree Offered	Entry Requirements	Application Process	Special Conditions/Notes
University of Salford	UK	BSc Podiatry	A-Level: BBB (including Biology); GCSE: Grade 4 (C) in Maths and English	UCAS	Interview required; relevant work experience recommended.
University of Brighton	UK	BSc Podiatry	A-Level: BBC (including Biology or Chemistry); GCSE: Grade 4 (C) in Maths and English	UCAS	Work experience in healthcare is preferred.
University of Huddersfield	UK	BSc Podiatry	A-Level: BBC (including one science subject); GCSE: Grade 4 (C) in Maths and English	UCAS	Interview required; relevant experience preferred.
Glasgow Caledonian University	UK	BSc Podiatry	A-Level: BBB (including Biology or Chemistry); GCSE: Grade 4 (C) in Maths and English	UCAS	Interview required; work experience recommended.
Ulster University	Northern Ireland	BSc Podiatry	A-Level: BBB (including Biology); GCSE: Grade C in Maths and English	UCAS	Interview required; relevant experience in healthcare is advantageous.

Notes:

Application Process: Applications for UK universities are processed through UCAS.

Special Conditions: Interviews are required for most programs, and relevant work experience in healthcare is often recommended or required.
