

Forensic Science

Forensic Science is the application of scientific principles and techniques to solve crimes. It involves analyzing physical evidence, such as DNA, fingerprints, and trace materials, to help law enforcement investigate and solve cases. Forensic scientists play a crucial role in the justice system, ensuring that evidence is collected and analyzed accurately.

University/College	Country	Degree Offered	Entry Requirements	Application Process	Special Conditions/Notes
University of Central Lancashire (UCLan)	UK	BSc (Hons) Forensic Science	A-Level: BBB (including one science subject)	UCAS	No special conditions.
University of Strathclyde	UK	BSc (Hons) Forensic and Analytical Chemistry	A-Level: BBB (including Chemistry)	UCAS	No special conditions.
Liverpool John Moores University	UK	BSc (Hons) Forensic Science	A-Level: BBC (including one science subject)	UCAS	No special conditions.
University of Kent	UK	BSc (Hons) Forensic Science	A-Level: BBB (including Chemistry or Biology)	UCAS	No special conditions.
De Montfort University	UK	BSc (Hons) Forensic Science	A-Level: BBC (including one science subject)	UCAS	No special conditions.
Staffordshire University	UK	BSc (Hons) Forensic Science	A-Level: BBC (including one science subject)	UCAS	No special conditions.
University of South Wales	UK	BSc (Hons) Forensic Science	A-Level: BBC (including one science subject)	UCAS	No special conditions.
University of Lincoln	UK	BSc (Hons) Forensic Science	A-Level: BBB (including one science subject)	UCAS	No special conditions.
Dublin Institute of Technology (TU Dublin)	Ireland	BSc (Hons) Forensic and Environmental Analysis	Irish Leaving Cert: H4 in two science subjects	CAO	No special conditions.
University of Wolverhampton	UK	BSc (Hons) Forensic Science	A-Level: BBC (including one science subject)	UCAS	No special conditions.

**Please check all current entry requirements with the universities.
