

Pharmacy

Pharmacy is the science and practice of preparing, dispensing, and reviewing medications to ensure safe and effective use. Pharmacists play a critical role in healthcare by advising patients on medication usage, managing prescriptions, and collaborating with healthcare providers to optimize treatment plans. They work in various settings, including hospitals, community pharmacies, and research.

University	Country	Degree Offered	Entry Requirements	Application Process	Special Conditions/Notes
University College London (UCL)	UK	MPharm (Pharmacy)	A-Level: AAB (including Chemistry and one other science)	UCAS	No interview required; work experience recommended.
University of Nottingham	UK	MPharm (Pharmacy)	A-Level: AAB (including Chemistry and one other science)	UCAS	No interview required; relevant work experience advantageous.
King's College London	UK	MPharm (Pharmacy)	A-Level: AAB (including Chemistry and one other science)	UCAS	No interview required; relevant experience preferred.
University of Manchester	UK	MPharm (Pharmacy)	A-Level: AAB (including Chemistry and one other science)	UCAS	No interview required; relevant experience recommended.
Queen's University Belfast	Northern Ireland	MPharm (Pharmacy)	A-Level: ABB (including Chemistry and Biology)	UCAS	Interview may be required; work experience advantageous.
Trinity College Dublin (TCD)	Ireland	BSc (Pharmacy)	Irish Leaving Cert: H1 in Chemistry and Biology	CAO	Interview may be required; work experience recommended.
University College Cork (UCC)	Ireland	BPharm (Pharmacy)	Irish Leaving Cert: H1 in Chemistry and Biology	CAO	Interview may be required; relevant work experience advantageous.
University of Strathclyde	UK	MPharm (Pharmacy)	A-Level: AAB (including Chemistry and one other science)	UCAS	No interview required; work experience recommended.
University of Bath	UK	MPharm (Pharmacy)	A-Level: AAB (including Chemistry and one other science)	UCAS	No interview required; relevant experience recommended.
